THE REGENTS OF THE UNIVERSITY OF CALIFORNIA

I am pleased to provide you with the enclosed copy of the 2020 *University of California Accountability Report*.

This report has been designed to promote greater transparency on University operations, support strategic planning and decision-making, and ensure responsible stewardship of the institution. The *UC Accountability Report* provides a comprehensive overview of all aspects of University operations, including areas of strength and those needing improvement. It supports the University's transparency efforts by presenting key metrics over time and in relation to peers.

The 2020 *UC Accountability Report* executive summary highlights accountability indicators relevant to goals associated with the University of California's multiyear plan: UC 2030. It also addresses UC's response to COVID-19 and commemorates the 150th anniversary of the University's admission of women. The UC 2030 plan is a collective effort of UC leadership to identify campus, and systemwide goals that address current struggles facing the state, and opportunities to strengthen California. Finally, the Report provides links to the UC Information Center <http://universityofcalifornia.edu/infocenter>, which presents data in much greater depth than is possible in print.

The *UC Accountability Report*, Executive Summary and dashboard, along with downloadable data sets, are available via the web at <http://accountability.universityofcalifornia.edu>.

Institutional Research & Academic Planning (IRAP) Vice President Pamela Brown will be pleased to respond to any questions or comments you may have about the report. She can be reached by email at pamela.brown@ucop.edu or by telephone at (510) 987-9251.

Yours very truly,

A handwritten signature in black ink that reads "Janet Napolitano".

Janet Napolitano
