THE REGENTS OF THE UNIVERSITY OF CALIFORNIA

I am pleased to present the 2021 University of California Accountability Report. This is the 14th year this report has been published. The Report provides a comprehensive overview of University operations, presenting key metrics over time and in relation to peers.

The 2021 UC Accountability Report executive summary highlights how the University has been and continues to be of service to the state, the nation, and the world across areas such as research, healthcare training and delivery, and achievement of the University of California's multiyear plan: UC 2030. It assesses progress to-date on UC 2030 goals, highlighting both achievements and areas for improvement.

The Report is linked with references to the UC Information Center <http://universityofcalifornia.edu/infocenter>, which presents data in greater depth and with more frequent updates.

The UC Accountability Report, dashboard, and downloadable data are at <https://accountability.universityofcalifornia.edu>. Institutional Research & Academic Planning (IRAP) Vice President Pamela Brown is pleased to respond to questions. She can be reached by email at pamela.brown@ucop.edu or by phone at (510) 987-9251.

Sincerely,

Michael V. Drake, MD
President
